STRENGTH *and Beauty* without Compromise

Beauty without Compromise! At **Your Green 2 Go**, we combine our passion for beautiful design with our commitment to protect our environment. The result is beautiful, visually striking, disposable tableware that is compostable, free of chemicals and plastics, and never bleached to white.

That makes **Your Green 2 Go** the perfect choice for economical, disposable tableware and take-out containers that are elegant, strong, and best of all, 100% natural and biodegradable.

*Patented

SURETAB™

SERV-A-GUEST™

the revolutionary in-room dining solution

Serv-A-Guest improves in-room dining efficiency. From the kitchen to the guest, to disposal and clean up, **Serv-A-Guest** simplifies in-room dining.

Your guest's meal arrives in the appropriate sized containers, complete with condiments and utensils, all delivered in a sturdy kraft paper bag. When finished, your guests simply place the used items back in the delivery bag and put it outside their door to be picked up and discarded by housekeeping.

1

Choose the inserts needed to complete the order, fill, and insert them into the tray

2

Attach the clear PET lid and deliver or add additional items if needed

3

Inserts and condiment cups nest perfectly in the lid to accommodate additional items

4

Place order in the Serv-A-Guest bag and deliver

- ❌ No dishes to wash
- ❌ No lost, broken or stolen items
- ❌ No rollers, no trays, no carts
- ❌ No mess in the hallway
- ❌ No need to have room service pick up dishes

✅ **Significantly Lower Labor Costs**

INTRODUCING
SERV A CROWD™

CATERING DELIVERIES MADE EASY!

Fold → Fill → Slide → Deliver

What could be easier? **Fold** the inner tray, **Fill** it with the products ordered, **Slide** on the outer sleeve, and **Deliver**.

Versatile design - The **Serv-A-Crowd Delivery Box System** measures 23"W x 15"D x 8"H, big enough to hold a wide variety of products, including our polypro containers or your aluminum trays.

You can't stack a sack, but **Serv-A-Crowd** is constructed of double-wall corrugated material that is **designed for stacking**.

The **Serv-A-Crowd Delivery Box System** is comprised of three components: the outer sleeve, inner box, and platform divider

NAKED CUPS ARE UNCONDITIONALLY COMPOSTABLE

Your Green 2 Go introduces another revolutionary first of its kind - a truly compostable cup that decomposes in a home compost - **NO SPECIAL COMMERCIAL COMPOSTING FACILITY REQUIRED.**

Naked Cups contain **no PLA or other petroleum based plastic** and **they perform as well as any regular cup.**

While technically compostable, PLA coated products can only be composted in commercial composting facilities and **most commercial composting facilities will not accept PLA.** Given this, are products coated with PLA truly compostable?

Naked Cups from Your Green 2 Go biodegrade, no commercial facility required, making them **unconditionally compostable.**
